Lead Wool High Temperature Blankets

Part Number

NPO 1' X 2' High Temperature Lead Wool Blanket 10 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn Seams, standard grommet spacing Approximate Weight: 20 lb	L5GS052122
NPO 1' X 2' High Temperature Lead Wool Blanket 15 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 30 lb	L5GS552122
NPO 1' X 3' High Temperature Lead Wool Blanket 10 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 30 lb	L5GS052123
NPO 1' X 3' High Temperature Lead Wool Blanket 15 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 45 lb	L52GS552123
NPO 1' X 4' High Temperature Lead Wool Blanket 10 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 40 lb	L52GS052124
NPO 1' X 4' High Temperature Lead Wool Blanket 15 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 60 lb	L52GS552124
NPO 1' X 5' High Temperature Lead Wool Blanket 10 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 50 lb	L52GS052125
NPO 1' X 5' High Temperature Lead Wool Blanket 15 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 75 lb	L52GS552125
NPO 1' X 6' High Temperature Lead Wool Blanket 10 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 60 lb	L52GS05126
NPO 1' X 6' High Temperature Lead Wool Blanket 15 lb per square foot density, grey high temperature silicone fiberglass fabric, double covered, sewn seams, standard grommet spacing Approximate Weight: 90 lb	L52GS552126
